This month's presentation

2021 IBC Updates: What Building Officials Need to Know

Join us for an informative review of the 2021 International Building Code (IBC) updates and what they mean for today's building officials, inspectors, and code professionals. This seminar will highlight significant changes from the previous code cycle, with an emphasis on practical application, common areas of confusion, and how the updates may affect plan review, inspections, and code administration.

**Presented By
Josh Harmon**

Josh Harmon is an experienced building code and government program professional with more than 20 years of experience in code enforcement, program administration, education, and professional development. He holds multiple International Code Council (ICC) certifications and designations, including credentials focused on building code administration and sustainability.

Josh brings extensive experience in code implementation, program development, technology, and professional education. His practical perspective and understanding of the challenges faced by building officials make him a valuable resource for navigating code changes and applying them effectively in the field.
